

Center for Healthcare Informatics and Policy,

Clinical and Translational Science Center

Seminar Series

Presents

Constantin Aliferis, MD, PhD, FACMI

Director, NYU Center for Health Informatics and Bioinformatics

“Data Analytics to Optimize Healthcare”

Tuesday, April 24, 2012

3:00 P.M. – 4:00 P.M.

425 E. 61st Street, Suite 301

New York, NY 10065

Dr. Aliferis is the Director of the NYU Center for Health Informatics and Bioinformatics (www.nyuinformatics.org), Informatics Director of the NYU Clinical and Translational Science Institute, Informatics Director of the NYU Cancer Center Biomedical Informatics Core, and Director of the NYU PhD Training Program in Biomedical Informatics. He holds appointments as Associate Professor in the Department of Pathology & the Sackler Institute of Biomedical Graduate Sciences at NYU, and as Adjunct Associate Professor of Biomedical Informatics and of Biostatistics, Vanderbilt University. Dr. Aliferis' research focuses on novel methods for high dimensional data analytics enabling predictive modeling, causal discovery and optimization across clinical, molecular and text datasets.
