Clinical and Translational Science Center (CTSC) RESOURCE FAIR

WEDNESDAY, JANUARY 29, 2014
3:00PM — 5:00PM
Refreshments will be provided

Who is invited?
Dr. Julianne Imperato-McGinley invites all members of the research community, including researchers, post-docs, research nurses, and research coordinators.

What is the CTSC Resource Fair?
Representatives from all multi-disciplinary services will be on site to provide detailed information about the CTSC’s wide range of resources and how to access services!

We will have tables on all CTSC resources, including:

Clinical and Translational Education Program
- Research Design and Biostatistics
- Community Engagement and Research
- Research and Scholarly Communication
- Regulatory Knowledge and Support

Translational Research Support Team
- Specialized Collaborative Cores
- Nutrition Research Services
- Recruitment Assistance
- Seed Funding

General and Molecular Core Laboratories
Outpatient/Inpatient Units
Biomedical Informatics

Where can I find more information on CTSC services?
