Clinical and Translational Research Bazaar

Have you found a collaborator to take your research to the next step?

The Clinical and Translational Science Center (CTSC) of Weill Cornell Medical College (WCMC) invites you to the Second Translational Research Bazaar on Friday, March 18, 2011.

Basic scientists and clinicians will have an opportunity to meet at a specialized speed networking event. The CTSC will play “matchmaker” by pairing you with multiple potential collaborators to translate your work from bench to bedside.

Investigators who find a collaborator at this event will be eligible to apply for a special grant award offered exclusively to those in attendance. Finding your “match” will also qualify you to apply for future CTSC funding opportunities as well as any number of CTSC services.

Members from all disciplines in the basic and clinical sciences are invited from the CTSC partner institutions:

- Weill Cornell Medical College
- Cornell University, Ithaca
- Memorial Sloan Kettering Cancer Center
- Hospital for Special Surgery
- Hunter College Center for Study of Gene Structure and Function
- Hunter College Bellevue School of Nursing
- Cornell University Cooperative Extension

The speed networking event will take place at 1305 York Ave, Conference Rooms A/B/C, from 3:30-5pm, followed by a mixer until 7pm. Refreshments will be served.

Please e-mail James Holahan at jph2003@med.cornell.edu with the following information to secure your space at this event:

- | | |
|---------------|---|
| --Name | --Basic or Clinical Science |
| --Institution | (Please pick one that best describes your area of research) |
| --Department | |
| --Title | --E-mail / Phone |

Space is limited and is on a first come first served basis!
