Achieving excellence, changing lives

A three-part mission shapes Weill Cornell Medicine: exceptional care, research and education.

Our physician-scientist community includes faculty from Weill Cornell Medical College, Weill Cornell Graduate School of Medical Sciences and Weill Cornell Medicine's Physician Organization. Centered in the heart of the Upper East Side's scientific corridor, Weill Cornell Medicine also has locations in Queens, Brooklyn, Lower Manhattan and Westchester. The institution's powerful network of collaborators extends to its parent university **Cornell University**; Qatar, where **Weill Cornell Medicine-Qatar** offers a Cornell University medical degree; and to programs in Tanzania, Haiti and throughout the world.
